General notes: Materials & Labor

MATERIAL HANDLING

Exhibitors may hand-carry their own materials into the exhibit facility. The use of mechanical equipment, such as pallet jacks, however, is not permitted. Ampa will control access to the loading docks in order to provide for a safe and orderly move-in/move-out.

TIPPING

Ampa requests that exhibitors do not tip our employees. They are paid at an excellent wage scale denoting a professional stature, and we feel that tipping is not necessary. This applies to all Ampa employees. Any request for such should be brought to the attention of a Ampa representative at the Ampa Service Desk or correspondence may be directed to the attention of the General Manager at the local office address.

SAFETY

Standing on chairs, tables or other rental equipment is prohibited. This equipment is not engineered to support your weight. Ampa cannot be responsible for injuries or falls caused by the improper use of this equipment. If assistance is required in assembling your booth, please order labor in the Installation & Dismantle Labor section in the Ampa order form and the necessary ladders and/or tools will be provided.

NOTE:

- If you encounter any difficulty with any laborer, or if you are not satisfied with the work performed, please bring this to the attention of the Show Manager at Ampa. Please refrain from voicing complaints directly to craft personnel.
- The person in charge of your exhibit should carefully inspect and sign all work order forms. If there are any questions about any bills, bring the bill to the appropriate Service Desk and discuss it with the person in charge.
